PRODUCT DESCRIPTION

PURPOSE & BENEFITS

Shoulder support, low profile

The Icare ActiveX™ Curve neck pillow is made up of a high density ActiveX™ elastic core in an ergonomic shape designed to support the shoulders and neck.

This pillow is recommended for back and neck pain sufferers. Very low profile.

FEATURES

- Ergonomic shape pillow
- Neck and Shoulder support
- Very low profile design
- High density ActiveX™ elastic core
- Recommended for back and neck pain sufferers
- Pressure and heat sensitive ActiveX™ material
- High grade of elastic type foam responsive to temperature
- Becomes softer as it becomes warmer, therefore allows the pillow to cradle the head and neck to the exact shape of the user
- Breathable under fabric to increase airflow
- Pillow covers made with all way stretch fabric on the top to allow for body contour and movement
- Side and base of the pillows are covered with Vant fabric to increase air movement
- Vant fabric is a three-dimensional polypropylene material that has high air permeability and is anti-bacterial
- It has a zip off washable cover
