

ICARE PILLOW SUSPENDERS SET

\$23.00

SKU: ACPS

PRODUCT DESCRIPTION

Purpose & Benefits of the Icare Pillow Suspenders Set

The Icare Pillow Suspenders Set is designed to securely hold pillows in place on profiling beds, preventing them from slipping down during use. This ensures consistent support and comfort for users, particularly those who require stable positioning throughout the night. By maintaining the pillow's position, it enhances the overall sleeping experience and reduces the need for frequent adjustments.

Features

- **Secure Attachment:** Utilises metal clasps that fasten to the pillow or pillowcase, ensuring a firm hold.
- **Adjustable Design:** Folds back and secures with hook and loop fasteners, allowing for customised tension and fit around the metal rail of the mattress platform.
- **Universal Compatibility:** Suitable for all pillow types, making it versatile for various user preferences.
- **User-Friendly:** Easy to attach and detach, facilitating effortless setup and maintenance.

Specifications

- **Product Code:** ACPS
- **Warranty:** 2-year standard warranty covering side rails, pillows, cushions, comfort, and positioning products. Note: The warranty does not cover damage caused by wear and tear or misuse.

The Icare Pillow Suspenders Set is an effective solution for individuals seeking to maintain pillow

stability on profiling beds, thereby enhancing comfort and reducing nighttime disturbances.
