

ICARE REFORM BED LUMBAR

\$141.00

SKU: ICR5

PRODUCT DESCRIPTION

PURPOSE & BENEFITS

Reform Lumbar Support is a back support device that can be used when lying down or sitting up. It can help you with lower back pain and lateral positioning. It is made of charcoal-infused ActiveX™, a high-density material that conforms to your shape and balances temperature.

The device has a unique shape that fits your back curve. It has arms for upper back support and a two-way curve for lower back support. Reform Lumbar Support can help you relax and feel more aligned.
