\$141.00 Original price was: \$141.00.\$127.00 Current price is: \$127.00.

SKU: ICR4

PRODUCT DESCRIPTION

PURPOSE & BENEFITS

Reform Knee Support is a cushion that elevates your knees and lower legs when lying down. It can help you with blood flow, pain relief and swelling reduction. It is made of charcoal-infused ActiveX $^{\text{m}}$, a high-density material that adjusts to your shape and keeps you cool.

The cushion has a unique moulded shape that supports your legs over a large area and lowers pressure. Reform Knee Support can help you sleep better and feel more comfortable.
