PRODUCT DESCRIPTION

PURPOSE & BENEFITS

The **IMAK Compression Active Gloves** provide targeted relief from pain, stiffness, and fatigue associated with arthritis, overuse, or poor circulation. Offering mild compression to promote warmth and improve blood flow, these gloves are designed for comfort and support during daily activities. They help reduce inflammation while maintaining hand flexibility and function for work, exercise, or leisure.

FEATURES

- Provides mild compression to relieve pain and stiffness in the hands
- Promotes warmth and circulation to support natural healing
- Soft, breathable cotton ensures comfort for all-day wear
- Open fingertips preserve full touch sensitivity and dexterity
- Anti-slip design enhances grip and control during activity
- Latex-free construction suitable for sensitive skin
- Ideal for arthritis, hand fatigue, cold hands, and neuropathy
