PRODUCT DESCRIPTION

PURPOSE & BENEFITS

The **IMAK Compression Arthritis Gloves** are designed to relieve pain, aches, and stiffness caused by arthritis or hand fatigue. Providing gentle compression and soothing warmth, they help improve circulation and reduce swelling in the hands and fingers. Ideal for daily activities or nighttime wear, these gloves promote comfort and mobility while maintaining dexterity for everyday tasks.

FEATURES

- Provides mild compression and warmth to relieve joint pain and stiffness
- Constructed from soft, breathable cotton for all-day and night comfort
- Flat seams ensure even compression and reduce irritation
- Open fingertips allow for full touch sensitivity and grip function
- Recommended for arthritis, hand fatigue, and repetitive strain injuries
