PRODUCT DESCRIPTION

Purpose & Benefits of the IMAK SmartGlove - Carpal Tunnel Gloves

The IMAK SmartGlove is specifically designed to help alleviate wrist pain and prevent symptoms associated with Carpal Tunnel Syndrome, repetitive stress injuries, and other conditions affecting the wrist and hand. By maintaining proper wrist alignment during activities that require extended hand use, such as typing or crafting, these gloves provide essential support and comfort. The SmartGlove features a patented design that includes a flexible splint and ergoBeads cushion, which work together to promote ergonomic hand positioning and therapeutic support. Ideal for both preventive care and relief from existing pain, the IMAK SmartGlove is an excellent tool for anyone looking to protect their hands and wrists while maintaining productivity.

Features

- **Ergonomic Design**: Encourages proper hand and wrist alignment, helping to relieve pain and prevent further wrist strain.
- **Built-in Flexible Splint**: Provides additional support to keep the wrist in a neutral position, reducing the risk of developing Carpal Tunnel Syndrome.
- **ergoBeads Cushion**: Located at the base of the glove, this cushion offers a massaging effect that increases circulation, enhances comfort, and minimizes wrist fatigue.
- **Breathable Material**: Constructed from a breathable cotton-lycra blend, ensuring the glove is comfortable enough for all-day wear.
- **Open Fingers**: Allows for full dexterity and touch sensitivity, making it easy to carry out daily tasks without restriction.
- **Washable**: Machine washable for easy care, ensuring hygiene and durability.

Specifications

- **Material**: Breathable cotton-lycra blend
- **Sizes Available**: Comes in various sizes to ensure a snug and effective fit (Extra Small, Small, Medium, Large)
- **Care Instructions**: Machine washable; air dry recommended to preserve material integrity
