PRODUCT DESCRIPTION

Purpose & Benefits of the Intellinetix Vibrating Headache Band

The Intellinetix Vibrating Headache Band is designed to offer a non-medical alternative to alleviate symptoms of headaches, including migraines and tension headaches. By applying gentle, soothing vibrations around the forehead and temples, this innovative band helps to relax the muscles, improve blood circulation, and reduce the pain associated with headaches. Its use of vibration therapy also aids in easing stress and promoting relaxation, making it suitable for those seeking relief from not only physical discomfort but also mental tension.

Features

- **Targeted Vibration Therapy:** Utilizes therapeutic vibrations to target key areas of discomfort around the forehead and temples to reduce headache pain.
- **Adjustable Intensity:** Comes with adjustable settings to control the intensity of vibrations, allowing users to customize the therapy according to their specific pain relief needs.
- **Ergonomic Design:** The band is ergonomically designed to fit comfortably across the forehead and temples, ensuring effective placement of the vibration points.
- **Rechargeable Battery:** Equipped with a rechargeable battery for convenient, cordless use, allowing for mobility while using the band.
- **Soft, Comfortable Material:** Made from a soft fabric that is gentle on the skin, ensuring comfort during prolonged use, especially important for those experiencing severe headaches.
- **Easy to Use:** Simple operation with an on/off switch and intensity controls that can be adjusted without removing the band.

Specifications

- **Material:** Comfortable, soft fabric suitable for sensitive skin and prolonged contact.
- **Size:** One size fits most, with an adjustable strap to ensure a snug and effective fit.
- **Battery Life:** Features a durable battery that provides hours of continuous use on a single charge.
