

INTELLINETIX VIBRATING QUAD/THIGH THERAPY WRAP

\$215.00

SKU: IN-07241

PRODUCT DESCRIPTION

Purpose & Benefits of the Intellinetix Vibrating Quad/Thigh Therapy Wrap

The Intellinetix Vibrating Quad/Thigh Therapy Wrap is specifically designed to address discomfort, pain, and muscle fatigue in the quadriceps and thigh areas. Ideal for athletes, individuals undergoing physical therapy, or anyone experiencing muscle soreness, this therapy wrap uses targeted vibration therapy to enhance blood circulation, promote muscle relaxation, and facilitate quicker recovery. By stimulating the affected area, it helps alleviate symptoms of strains, sprains, and muscle pulls, making it an essential tool for both rehabilitation and routine muscle maintenance.

Features

- **Targeted Vibration Therapy:** Delivers soothing vibrations directly to the quadriceps and thigh muscles to reduce pain and enhance circulation.
- **Adjustable Vibration Settings:** Includes multiple vibration settings that can be adjusted to suit personal comfort levels and specific therapeutic needs.
- **Ergonomic Design:** Ergonomically shaped to wrap comfortably around the thigh, ensuring maximum contact with the muscles for effective therapy.
- **Rechargeable Battery:** Equipped with a rechargeable battery, providing the convenience of cordless use and the freedom to move about during therapy sessions.
- **Secure Fit:** Features adjustable straps that ensure the wrap stays in place during use, providing consistent, effective treatment without slipping.
- **Soft, Comfortable Material:** Made from a soft, flexible fabric that is gentle on the skin, ideal for prolonged use during activities or while resting.

Specifications

- **Material:** High-quality, soft fabric that is durable and comfortable for regular use.
- **Size:** Available in a universal size with adjustable straps to fit a range of thigh sizes.
- **Battery Life:** Long-lasting battery designed to provide several hours of therapy on a single charge.
