\$1,243.00 - \$1,597.00 Price range: \$1,243.00 through \$1,597.00

SKU: JFUSION1414AS-H

PRODUCT DESCRIPTION

Purpose & Benefits

The **JAY Fusion Wheelchair Cushion with Air Insert** offers exceptional skin protection and stability for individuals at extremely high risk of pressure injuries. Designed to meet complex clinical needs, this cushion features a contoured closed-cell foam base and an adjustable air insert that conforms to the user's shape to provide optimal immersion, pressure redistribution, and postural alignment.

Available with either a **single valve** (uniform pressure) or **dual valve** (independent side adjustment), the Fusion Air model is further customisable with your choice of **Standard Profile**, **Reduced Profile**, or **Positioning Cushion** depth. Whether for active users or those with limited mobility, the Fusion cushion delivers long-term comfort and safety.

Features

- Adjustable air insert for pressure relief and immersion
- **Valve Options:**
 - *Single Valve* – uniform pressure distribution
 - *Dual Valve* – independent pressure adjustment for asymmetry
- **Profile Options:**

- *Standard Profile* – balanced protection and support
- *Reduced Profile* – lower height for easier transfers
- *Positioning Cushion* – deep contour for enhanced stability
- Contoured multi-layer closed-cell foam base
- Pelvic Loading Area based on skeletal averages for optimal alignment
- Dual-cover system for hygiene and protection:
 - Water-resistant inner cover with Aqua-guard zipper
 - Stretch outer cover with antimicrobial X-static® fibre
- 3DX spacer fabric for temperature and moisture regulation
- Optional incontinence or AirExchange covers available
