

JOY FOR ALL INTERACTIVE COMPANION PET

\$299.99

SKU: S313141-H

PRODUCT DESCRIPTION

The Joy For All Interactive Companion Pet range is designed to bring comfort, companionship, and joy to older adults, individuals with dementia, or those living alone. These lifelike pets provide the soothing presence of a real animal—without the need for feeding, walking, or cleaning. Each Companion Pet features soft fur, realistic sounds, gentle movements, and responsive technology that mimics real animal behaviour.

Ideal for reducing loneliness, encouraging interaction, and stimulating memory and conversation, Joy For All Companion Pets are used in aged care, dementia care, and home environments as therapeutic support tools. They offer meaningful comfort and emotional connection in a safe, low-maintenance form.

Features

- Realistic pet sounds, movements, and responses
- Built-in sensors respond to touch and motion
- Soft, cuddly fur for tactile comfort
- Batteries included – ready to use out of the box
- Calming and therapeutic for dementia and aged care
- No feeding, grooming, or cleaning required

- Available in multiple cat and dog breeds
