

KCARE ELECTRIC BATH LIFT

SKU: KA610

PRODUCT DESCRIPTION

Purpose & Benefits of KCare Electric Bath Lift

The KCare Electric Bath Lift is designed to provide a safe and convenient bathing experience for individuals with mobility limitations or those who require assistance getting in and out of the bathtub. This electric bath lift offers several features that promote independence, comfort, and safety during bathing.

Features

- **Powered Lifting Mechanism**: Utilises an electric motor to smoothly lower and raise the user into and out of the bathtub, eliminating the need for manual lifting or assistance from caregivers.
- **Safe and Stable Design**: Features a stable base and sturdy construction to ensure the user's safety and stability during transfers in and out of the bath.
- **Comfortable Seat**: Equipped with a comfortable and ergonomic seat that provides support and comfort while bathing, reducing strain on the user's body.
- **Waterproof Construction**: Made from waterproof materials that are resistant to moisture and corrosion, ensuring durability and longevity in wet environments.
- **Easy-to-Use Controls**: Includes simple-to-operate controls that allow users to adjust the height and position of the bath lift with ease, providing personalised comfort and support.
- **Compact and Portable**: Designed to be lightweight and portable, making it easy to transport and store when not in use.
- **Battery Operation**: Powered by a rechargeable battery, offering flexibility in placement and ensuring uninterrupted operation during bath time.
- **Safety Features**: Equipped with safety features such as a low battery indicator, emergency

stop button, and safety lockout function to prevent accidental operation.

Specifications

- **Safe Working Load**: 140kg
- **Dimensions**:
  - Overall Length 728 mm
