PRODUCT DESCRIPTION

PURPOSE & BENEFITS

The **KCare Night Light 3-in-1 Utility** combines convenience, safety, and versatility in one compact device. Acting as a night light, motion sensor, and emergency torch, it provides reliable illumination around the home—especially in hallways and bedrooms. The light automatically activates during power outages and motion detection, offering peace of mind during the night or in emergencies.

FEATURES

- 3-in-1 design functions as a night light, motion sensor, and emergency torch
- Automatically switches on during power failures for added safety
- Motion-activated sensor illuminates dark areas when movement is detected
- Simple push-button operation for easy use
- Sits securely in a charging holder to ensure it's always ready
- Ideal for hallways, bedrooms, or emergency lighting

SPECIFICATIONS

- **Height:** 135 mm
- **Width:** 63 mm
- **Function:** Motion-activated night light and emergency torch
- **Power Source:** Rechargeable (charging base included)
