PRODUCT DESCRIPTION

PURPOSE & BENEFITS

The **Soxon Sock and Stocking Aid** is designed to help individuals put on socks or stockings without bending or straining. It's ideal for people recovering from hip or knee surgery, or anyone with limited mobility, providing an easy and comfortable way to maintain independence during dressing.

FEATURES

- Long handles with loops eliminate the need to bend down
- Perfect for users with limited flexibility or recovering from surgery
- Lightweight and easy to use for daily dressing routines
- Durable construction suitable for regular use
- Can be hand or machine washed for easy cleaning

SPECIFICATIONS

- **Product Type:** Sock and stocking dressing aid
- **Handle Type:** Long handles with loops
- **Cleaning:** Hand or machine washable
- **Use:** Suitable for post-surgery recovery and limited mobility
- **Brand:** Soxon
