SKU: PI-30103-H

PRODUCT DESCRIPTION

Purpose & Benefits of Polar Ice Knee Wrap

The Polar Ice Knee Wrap is designed to provide targeted cold therapy and compression to the knee area, making it ideal for those recovering from knee injuries, surgeries, or suffering from chronic knee pain such as arthritis. This wrap helps in reducing swelling, alleviating pain, and speeding up the recovery process. The combination of cold therapy and compression is effective for managing symptoms during rehabilitation and can be particularly beneficial after activities that strain the knee.

Features

- **Cold Therapy:** Utilizes gel ice packs that conform to the shape of the knee, providing deep, penetrating cold to reduce inflammation and numb pain.
- **Compression:** The wrap design applies gentle compression to further help with reducing swelling and enhancing the therapeutic effects of cold therapy.
- **Adjustable Fit:** Comes with Velcro straps that allow for a custom fit, making it adaptable to varying knee sizes and ensuring it stays in place even during movement.
- **Durable and Reusable:** The gel packs are durable and can be reused multiple times, while the wrap itself is made from high-quality materials that are built to last.
- **Comfortable Material:** Made from soft fabric that is gentle on the skin, ensuring comfort

during prolonged use, whether you are moving around or at rest.

- **Ease of Use:** Designed for ease, the wrap can be quickly applied and removed, making it convenient for regular use at home or on the go.

Specifications

- **Material:** Soft fabric wrap equipped with removable gel ice packs.
- **Size:** Standard, Large
- **Care Instructions:** The fabric wrap is easy to clean with a damp cloth; gel packs should be hand-washed and stored in the freezer when not in use.
