PRODUCT DESCRIPTION

Purpose & Benefits of Manoy Contoured Plate

The Manoy Contoured Plate is specially designed to aid individuals who have difficulty with self-feeding due to physical limitations such as reduced hand coordination, tremors, or the use of only one hand. This plate features unique contoured edges that help in scooping food onto utensils effortlessly, reducing spills and making the eating process more manageable and dignified for users with disabilities.

Features

- **Contoured Edges:** High, sloped sides effectively contain food and assist in guiding it onto utensils, minimizing mess and simplifying eating.
- **Low Front Edge:** The front of the plate is lower, allowing easy access to utensils and reducing the need for excessive hand movements.
- **Non-Slip Base:** Equipped with a non-slip base that keeps the plate firmly in place during use, enhancing safety and stability.
- **Durable Material:** Made from high-quality, lightweight melamine, which is sturdy yet not as heavy as ceramic, making it easier to handle for individuals with limited strength.
- **Easy to Clean:** The smooth surface is easy to wipe clean and is also dishwasher safe, making maintenance simple and efficient.

Specifications

- **Dimensions:** 279 mm x 197 mm
- **Weight:** 440 g
- **Care Instructions:** Dishwasher-safe

The Manoy Contoured Plate is an invaluable tool for enhancing mealtime independence for those with physical limitations. Its thoughtful design helps to minimize frustration during meals and promotes self-reliance in dining, making it a popular choice in both healthcare settings and home environments.
