

## MAX MOBILITY ALPHA ARTHRITIS CANE

\$30.00

SKU: 51038-H

## PRODUCT DESCRIPTION

### Purpose & Benefits of the Max Mobility Alpha Arthritis Cane

The Max Mobility Alpha Arthritis Cane is designed to provide enhanced support and comfort for individuals with arthritis or limited hand strength. Its ergonomic design reduces hand and grip pressure, facilitating a more comfortable walking experience. This cane helps improve stability and mobility, making daily activities easier and safer.

### Features

- **Lightweight Aluminium Construction** – Ensures ease of use without compromising durability.
- **Contoured Palm Grips** – Ergonomically designed for both left- and right-hand users to minimise hand strain.
- **Adjustable Height** – Offers a full range of height adjustments to accommodate various user preferences.
- **19mm Rubber Cane Tip** – Provides stability and slip resistance on different surfaces.
- **Sturdy and Reliable** – Built to withstand daily use while maintaining comfort and support.

### Specifications

- **Product Weight:** Approximately 380 grams.
- **Height Range:** Adjustable from 700 mm to 930 mm.
- **Maximum User Weight:** Supports up to 120 kg.

The Max Mobility Alpha Arthritis Cane is an excellent choice for those seeking a reliable and comfortable mobility aid tailored to the needs of individuals with arthritis.
