PRODUCT DESCRIPTION

PURPOSE AND BENEFITS OF ANTI SLIP SHOWER MAT

Our Anti Slip Shower Mat also known as non-slip bath mats are essential accessory that ensures safety and prevents accidents in the bathroom. The Anti Slip mats are all made of quality materials that not only make your bathroom look fantastic but help avoid any potential slips or mishaps.

The durable virgin rubber will enable sturdy footing for ease of access in and out of [bathroom amenities](#). Good for submersion into spas, baths, or showers.

KEY FEATURES

- The shower mat is made from natural rubber, which offers flexibility and durability. Natural rubber is resistant to wear and tear, making it suitable for long-term use.
- The mat's surface is designed with a textured pattern that enhances traction and grip. The texture increases friction between your feet and the mat, reducing the risk of slipping.
- Our shower mat comes equipped with numerous suction cups on its underside, these suction cups firmly adhere to the shower floor, preventing any movement or sliding.
- One of the primary purposes of an anti-slip shower mat is to reduce the likelihood of slips and falls. The combination of the textured surface pattern and the suction grip significantly enhances safety.

SPECIFICATIONS

- Available in Rectangular 700x400mm or Square 530x530mm

You can purchase this Non-Slip Shower Mat online at Medimart and take advantage of convenient payment options like AfterPay or ZipPay.
