SKU: UPM-H

PRODUCT DESCRIPTION

PURPOSE & BENEFITS

Brolly Sheets Men's Absorbent Underwear is a discreet, comfortable, and reusable solution designed specifically for men who require extra protection against light to moderate incontinence. This innovative underwear offers both the look and feel of regular underwear while incorporating advanced absorbent and waterproof technology, providing confidence and security in any situation.

FEATURES

- **Discreet Protection:** Designed to look and feel like regular men's underwear, ensuring that users can maintain their dignity and comfort without sacrificing protection.
- **High Absorbency:** Features an absorbent core that effectively locks away moisture, keeping the skin dry and comfortable. The absorbency level is suitable for managing light to moderate incontinence, offering peace of mind for daily activities or overnight use.
- **Waterproof Layer:** A discreet, built-in waterproof layer prevents leaks, ensuring that clothes remain dry. This layer is breathable, contributing to overall comfort and skin health.
- **Soft and Comfortable:** Made with premium, soft fabric that feels gentle against the skin. The material is also stretchable, providing a snug and comfortable fit.
- **Reusable and Washable:** Eco-friendly and cost-effective, these underwear can be machine washed and reused, reducing waste compared to disposable incontinence products. They are designed to withstand multiple wash cycles without losing absorbency or comfort.
- **Odour Control:** Equipped with odour control technology, the underwear helps to minimize and neutralize odours, keeping the wearer feeling fresh throughout the day.
- **Easy Care:** The underwear is machine washable and can be tumble dried on low, making it easy to care for and maintain.

Brolly Sheets Men's Absorbent Underwear is an ideal choice for men seeking an effective, discreet, and comfortable solution to manage incontinence. By combining the practicality of incontinence protection with the appearance and feel of regular underwear, these products allow men to continue their daily activities with confidence and security.
