PRODUCT DESCRIPTION

PURPOSE & BENEFITS

Presenting the Molift RgoSling HighBack Padded, a versatile all-around sling built with ergonomic considerations for comfortable hoisting. Perfectly suited for most users and lifting situations, it's an ideal choice for both homecare and institutional environments.

FEATURES

- **Ergonomic Comfort:** Designed with built-in ergonomics, this sling ensures a comfortable hoisting experience while providing comprehensive support for the entire body, including the head.
- **Flexible Usage:** Whether it's hoisting from a lying or sitting position, or even lifting from the floor, the RgoSling HighBack Padded is up to the task, making it a valuable addition to any care environment.
- **Support for the Head:** Not only does the HighBack provide body support, but it also supports the head. It allows the user to maintain a slightly inclined position, making it an excellent fit for individuals with compromised trunk and head stability.
- **Comfortable Padding:** With padded back and leg rests, this sling goes the extra mile to ensure comfort during each hoisting operation.
- **Versatile Application:** The Molift RgoSling Highback Padded fits most users and hoisting situations, making it a practical choice for a wide range of home care and institutional settings.
