

PEGGS EASY 8 HANDY LINE

\$308.00

SKU: E8

PRODUCT DESCRIPTION

PURPOSE & BENEFITS

The Easy 8 Handy Line is a low-level clothesline that is perfect for people with mobility problems or who live in apartments with limited drying space. It is made with durable materials and folds away for easy storage, making it a sustainable and convenient alternative to the electric dryer.

Here are some specific benefits of the Easy 8-Handy Line:

- **The low-level line for easy reach:** The Easy 8's lower line height makes it easy to reach for people in wheelchairs or with limited mobility.
- **Suitable for use on balconies or in apartments:** The Handy Line is suitable for use on balconies or in apartments, where there may be restrictions on hanging laundry outside.
- **Made with durable materials:** The Handy Line is made with marine-grade aluminium, stainless steel fixings, and UV-treated plastic, so it won't rust or perish in the harsh Australian sun.
- **Folds away flat for easy storage:** The Handy Line folds away flat for easy transport and storage.
- **Sustainable alternative to the electric dryer:** The Handy Line is a sustainable alternative to the electric dryer, as it uses no energy to dry your clothes.

FEATURES

- Handy Lines help elderly/senior people and people with mobility problems because the clothes drying rack has a lower line-level than conventional lines and can prevent falls
- Being a portable clothesline, they can be placed near the house, so heavy wet washing doesn't have to be carried far

- Features powder-coated aluminium frame with stainless steel fixings
