PRODUCT DESCRIPTION

Purpose & Benefits

The **1/2 and 1/2 Pillowcase Set by Neeki** is made from the same fabric and colours as The Wonder Sheet® and The Wonder Sheet® +Plus. Featuring charmeuse satin on the topside and a 50/50 poly/cotton blend on the underside, it combines comfort with stability by reducing friction against the skin while preventing the pillow from slipping. This design is especially beneficial for those with limited mobility, injury, or neck discomfort, making head movements easier and more comfortable. The satin finish also helps protect hair by reducing friction and tangling.

Features

- 'Glossy Charmeuse' satin topside for reduced friction and added comfort
- Poly/cotton sheeting underside to keep pillow securely in place
- Standard size design: 450mm x 700mm
- Sold as a pair
