

NOOMI LAPCUSH - LAP DESK CUSHION

SKU: LAP-H

PRODUCT DESCRIPTION

PURPOSE & BENEFITS

LapCush is a premium lap desk that you can use as a laptop tray, a stable table for breakfast in bed or afternoon tea on the couch. It's very comfortable for writing or drawing on and you can even use it as a small coffee table. Great for keeping kids entertained in the back seat of the car on long drives, playing cards, drawing, doing homework and more. For the elderly, this is a great new version of the good old stable table, for eating, craftwork and writing. This lap table is also fantastic for people in wheelchairs and disability that require a stable desk on their lap.

Cleaning:

Simply wipe the top with a damp cloth and allow to dry. If you suspect this might get very messy, perhaps opt for the water-resistant fabric that can be easily wiped, instead of the cotton fabric.
