

ONE TOUCH AUTOMATIC CAN OPENER

\$56.00

SKU: KC26

PRODUCT DESCRIPTION

ONE TOUCH PURPOSE & BENEFITS

The innovative One-Touch automatic can opener can open most cans between 53mm and 153mm diameter. The opener 'walks' around the can and switches itself off automatically, leaving an easy-to-remove lid with no sharp edges. Perfect for seniors, or anyone with weak hands.

KEY FEATURES

- Detachable mechanism for easy cleaning
- One-touch operated can opener suitable for most cans between 53mm to 153mm diameter
- Walks around the can and switches off automatically

The One touch automatic can opener is a truly hands-free way to open cans it is battery-operated just one touch and the lid lifts off safely and with no sharp edges it looks smart and is extremely easy to use it is ideal for those with weak and infirm hands.

Opening cans can be a pain in the neck, literally. We all know that opening canned food is important for our health and convenience, but it can also be incredibly frustrating if you don't have the right tools to do so.

One-Touch automatic can opener is the easy solution to this problem. The device makes opening cans easier than ever before by using a simple touch of your finger or hand on top of the lid to open it up with ease! It even comes with an integrated magnet so you never lose any parts when you are done using them! This product will make your life much more convenient and safe at home or in the office kitchen area.
