PRODUCT DESCRIPTION

Purpose & Benefits

The **OPPO Abdominal Support** in Small offers firm, comfortable compression to help relieve strain on muscles, ligaments and joints—particularly useful for those experiencing a pendulous abdomen or supporting surgical dressings post-operatively. Its contoured design with a generous 10-inch back panel ensures even pressure without rolling, delivering dependable posture assistance and mid-body stability. Crafted from breathable elastic panels and soft nylon pile with foam backing, this support not only improves comfort but also encourages confidence and mobility during recovery and daily wear.

Features

- Contoured 10-inch back panel ensures smooth, even pressure across waist and hips
- Adjustable hook-and-loop fasteners enable secure and customised fit
- Breathable elastic panels bonded to foam with soft nylon pile for gentle, reliable compression
- Durable construction designed for long-term, everyday use
