PRODUCT DESCRIPTION

Purpose & Benefits

The **OPPO Patella Tracking Support** is expertly designed to gently guide and stabilise the kneecap, ensuring correct alignment during movement. Its C-shaped pad applies targeted pressure to encourage proper tracking, while the open-back design and adjustable straps allow for an individualised fit—ideal for managing patellofemoral pain, minor misalignment or early-stage rehabilitation. Made from CoolPrene™, a premium, breathable support material, it delivers effective compression and comfort, promoting circulation and helping to reduce swelling and discomfort during activity and recovery.

Features

- C-shaped pad and adjustable straps help maintain correct patella alignment and tracking
- Open-back construction allows for easy fitting and enhanced ventilation
- Pressure relief zone around the kneecap enhances comfort under load
- CoolPrene™ material delivers breathable compression and ergonomic support
