PURPOSE & BENEFITS

When it comes to creating a superior seating experience, the OttoBock Terra Cushion leads the pack. Leveraging internal expertise gained from the automotive seating industry, Ottobock has pioneered a unique foam that ensures unmatched comfort and durability for wheelchair users.

FEATURES

- **Highly Engineered Foams:** Benefitting from extensive research and experience in automotive seating, Ottobock has crafted a foam that's perfect for prolonged sitting.
- **Innovative Combination:** Merging the flow properties of viscoelastic foam with the resilience of top-tier urethane foams, this cushion introduces a whole new seating experience for wheelchair users.
- **Advanced Molecular Structure:** Distinct from traditional foams, the molecules in Ottobock's foams are elongated with fewer branches. This design promotes enhanced mobility of molecules under various loads.
- **Optimal Immersion & Envelopment:** The cushion guarantees superior pressure redistribution. Its ability to optimize immersion and envelopment ensures utmost comfort.
- **Effective Shock Absorption:** As users navigate different terrains, the unique molecular flow of the foam helps in effectively absorbing impacts and shocks. This provides a spring-like or suspension sensation, greatly enhancing the ride's comfort.
- **Durability:** A standout feature of the OttoBock Terra Cushion is its long-lasting nature. The foam resists breakdown and compression set, ensuring that it retains its shape and comfort even with extended usage.
- **Lightweight Comfort:** Experience the sensation of a suspension without adding any extra

weight to the wheelchair. The cushion provides a spring/suspension feel without the need for additional suspension components.

Why Choose the OttoBock Terra Cushion?

The OttoBock Terra Cushion is not just another wheelchair cushion. It is the outcome of extensive research and innovation. If you are in search of a cushion that offers a seamless blend of comfort, durability, and shock absorption, then look no further. Whether you're navigating the smooth interiors of a building or the rugged paths outdoors, the Terra Cushion promises a comfortable journey. Say goodbye to the discomforts of prolonged sitting and embrace the revolution that is the OttoBock Terra Cushion.
