PURPOSE AND BENEFITS

The Oxford Journey lift is a compact foldable stand with high functionality. Its sleek design allows for the Oxford lift to be compact and lightweight which makes it easy for carers to move the lift through tight spaces and allows for easy storage.

The first on the market adjustable sling attachment cradle mechanism supports a range of patient heights and sizes, allowing your facility to have one lift that meets the needs of many. This careful attention to product design with the Journey ensures that both the caregiver's and the resident's needs have been met.
