

PELLICAN BARIATRIC LEG/ARM SLING

SKU: 690B-H

PRODUCT DESCRIPTION

Purpose & Benefits

The **Pelican Bariatric Leg/Arm Sling** is designed to provide safe and comfortable support when lifting or positioning the legs or arms of bariatric patients. Ideal for use during wound care, dressing changes, or hygiene routines, this sling helps caregivers manage limbs with minimal strain while improving patient safety and comfort. It assists with repositioning in hospital, aged care, and home care settings.

Features

- Purpose-built for bariatric patients requiring secure limb support during care tasks
- Soft, supportive material designed to distribute weight evenly and prevent pressure areas
- Easy to apply and remove, compatible with most patient lifters and hoists
- Reinforced stitching and durable fabric to support heavy loads safely
- Machine washable for infection control and hygiene maintenance

Specifications

- **Application:** Suitable for leg or arm lifting during wound care, cleaning, or positioning

- **Compatibility:** Fits most standard patient lifters and hoists
- **Material:** Soft, supportive fabric with reinforced seams
- **Cleaning:** Machine washable
