

POKO SOFT ARM EXTENDERS

\$9.95

SKU: SPOKOAEX

PRODUCT DESCRIPTION

Purpose and Benefits

The Poko Soft Arm Extenders are designed to increase the reach and hanging capability of your Soft Poko drying system. Ideal for use with larger structures such as roof racks, bullbars, or caravan awnings, these extenders provide an additional 30 cm of extension to each arm. Whether you're camping, caravanning, or enjoying the outdoors, the extenders ensure you can hang your drying system wherever it's needed.

Features

- Adds 30 cm of extension to each arm of the Soft Poko
- Enables use on larger or more complex support structures
- Durable and lightweight for outdoor conditions
- Compatible exclusively with the Soft Poko system
- Sold as a pair for even, balanced support
- Simple to attach and remove for flexible use
