PRODUCT DESCRIPTION

Purpose & Benefits

The Pride Pathrider 140 XL is a robust, full-sized mobility scooter designed for powerful outdoor performance and all-day comfort. Ideal for users who need stability, range, and durability, it features a high-torque motor, full suspension, and large pneumatic tyres to tackle challenging terrain with confidence.

With a sleek modern design and luxury seating, the Pathrider 140 XL combines practicality with comfort. Whether navigating hills, uneven surfaces, or long outdoor journeys, this scooter delivers smooth control and high-end performance—making it an ideal choice for active, independent users.

Features

- Full suspension system for smooth outdoor riding
- Large pneumatic tyres for enhanced ground clearance
- Powerful drivetrain with 4-pole motor
- Rearview mirrors and full lighting package for safety
- Adjustable high-back seat with headrest and armrests

- Delta tiller with ergonomic wraparound handles
- High weight capacity and extended range battery setup
- Ideal for long-distance outdoor use
