PRODUCT DESCRIPTION

Purpose & Benefits

The EZ Swivel Seat Cushion is designed to assist users when entering or exiting a car, chair, or bed by providing a smooth, effortless swivel motion. Ideal for those with limited mobility, back pain, or joint stiffness, the cushion rotates a full 360°, reducing strain on the hips and spine.

Its compact design and lightweight construction make it highly portable and convenient for use at home or on the go.

Features

- 360° smooth rotating motion for ease of movement
- Ideal for use on chairs, car seats, or beds
- Helps reduce strain on the hips, back, and knees
- Anti-slip base for added safety
- Compact and lightweight for travel and storage
- Comfortable padded seat surface

Specifications

- Diameter: 39cm
- Thickness: 4.5cm
- Weight Capacity: 125kg
- Surface Material: Padded polyester fabric
- Base: Non-slip backing for stability
