

MANGAR RAISER LIFTING CUSHION WITH AIRFLO 12

\$1,648.00

SKU: MPCA200500

PRODUCT DESCRIPTION

PURPOSE & BENEFITS

The Raiser Lifting Cushion is a portable, inflatable cushion that helps people get in and out of chairs. It is powered by the Airflo 12 battery-powered compressor, which means it can be used anywhere, even without an electrical outlet. The cushion is easy to use, simply inflate it to the desired height and then help the person sit down or stand up. The cushion can also be used to lower someone into a chair.

The Raiser Lifting Cushion is lightweight and portable, making it easy to take with you on trips or to use in different rooms of your home. It is also easy to clean and disinfect.

FEATURES

- Portable and lightweight
- Easy to use
- Powered by battery-operated compressor
- Can be used to raise or lower people
- Ideal for people with difficulty getting up and down from chairs
- Easy to clean and disinfect

If you are looking for a safe and easy way to help people get in and out of chairs, the Raiser Lifting Cushion is a great option. It is a portable, lightweight, and easy-to-use device that can be used by people of all ages.
