

**REDGUM BARICARE STEEL QUAD CANE OFFSET  
HANDLE WITH FOAM GRIP****\$55.00****SKU: RG5611****PRODUCT DESCRIPTION****Purpose & Benefits**

The Red Gum BariCare steel quad cane is built for superior support and stability, making it a dependable mobility aid for individuals who need extra assistance while walking. With a heavy-duty steel construction and an offset foam-padded handle, it delivers both strength and comfort in every step.

Its broad quad base enhances balance across a range of surfaces, while the non-slip rubber tips and adjustable height ensure tailored support for different users. Whether for everyday home use or clinical settings, this cane offers reliable weight-bearing capacity and ease of use.
