

REDGUM BASIC WALKING FRAME

SKU: B4070WS1

PRODUCT DESCRIPTION

Purpose & Benefits of Redgum Basic Walking Frame

The Redgum Basic Walking Frame is designed to provide essential support and stability for individuals who have difficulty walking due to age, injury, or disabilities. This walking frame helps enhance mobility by offering a sturdy structure to lean on, which assists in maintaining balance and reducing the risk of falls. It's particularly useful for indoor use, allowing users to navigate around their homes more safely and independently.

Features

- **Lightweight Design:** Constructed from lightweight aluminium, making it easy to lift and maneuver, even for users with limited strength.
- **Height Adjustable:** Features simple push-button mechanisms that allow the height of the frame to be adjusted to suit the user's comfort and ensure proper posture.
- **Rubber feet:** Equipped with non-slip rubber feet at the base of each leg, providing excellent grip on indoor surfaces and reducing the risk of slipping.
- **Ergonomic Hand Grips:** Includes comfortable hand grips that ensure a secure hold, helping to reduce hand fatigue and improve control while moving.

Specifications

- **Material:** Made primarily from durable, lightweight aluminium for ease of use and longevity.

- **Dimensions:**

- 595mm (Width)
- 530mm (Depth)
- 825mm – 1000mm (Height) 8 settings at 25mm increments.

- **Safe Working Load:** 136kg

- **Weight:** 2.6kg

The Redgum Basic Walking Frame is an excellent mobility aid for those who require a stable support system to aid walking. Its adjustable, lightweight design makes it accessible for a wide range of users, promoting independence and safety in home environments.
