\$14.00 - \$20.00

SKU: RG5HR-H

## PRODUCT DESCRIPTION

### Purpose & Benefits of the Redgum Chair Handle - Suits Space Saver Chair

The Redgum Chair Handle is specifically designed to enhance the functionality and safety of the [Space Saver Chair](#), making it an essential accessory for users requiring additional support. This handle provides a secure and sturdy grip point, aiding users in safely transferring in and out of the chair. It is particularly beneficial for elderly individuals or those with limited mobility, as it enhances stability and reduces the risk of falls.

### Features

- **Enhanced Stability:** Offers a reliable grip that helps users maintain balance when sitting down or standing up from the chair.
- **Easy Installation:** The handle is designed for easy attachment to the Space Saver Chair, fitting seamlessly without the need for tools.
- **Durable Construction:** Made from high-quality materials that ensure strength and durability, supporting sustained use.
- **Ergonomic Design:** Ergonomically shaped to provide a comfortable grip, reducing strain on the hands and wrists.
- **Compatibility:** Perfectly matches the dimensions and style of the Space Saver Chair, maintaining the chair's compact design and aesthetic.

### Specifications

- **Color:** Red; Blue;
- **Installation:** Simple, tool-free attachment to the chair, allowing for quick and hassle-free setup.
- **Includes Redgum Chair Handle only, [Space Saver Chair](#) sold separately.**

The Redgum Chair Handle for the Space Saver Chair is a simple yet effective solution for enhancing the safety and usability of the chair. Its addition makes the chair more accessible to individuals with mobility challenges, promoting independence and confidence in daily activities.
