PRODUCT DESCRIPTION

Purpose & Benefits

The Redgum Seat Wedge Cushion is designed to promote improved seated posture and reduce lower back discomfort by tilting the pelvis slightly forward. Ideal for individuals who spend long hours sitting at home, in the office, or in the car, the wedge shape helps support the natural curve of the spine.

Its compact size and lightweight design make it easy to transport, while the firm high-density foam ensures durability and comfort for everyday use.

Features

- Promotes healthy spinal alignment by tilting the pelvis
- Reduces lower back strain and discomfort during prolonged sitting
- High-density foam provides firm, supportive cushioning
- Compact and lightweight for easy portability
- Ideal for use in chairs, wheelchairs, office seating, and vehicles
- Removable, washable fabric cover
