PRODUCT DESCRIPTION

Purpose & Benefits

The **REMZzz Nasal Padded Liners for Philips Masks** are designed to enhance comfort and reduce skin irritation by providing a soft fabric barrier between the mask cushion and the face. They help minimise mask leaks and pressure marks, supporting a more restful CPAP therapy experience.

Features

- Compatible with a range of Philips nasal CPAP masks
- Soft cotton liner reduces skin irritation and red marks
- Helps minimise air leaks for more effective therapy

Specifications

- **Material:** 100% cotton
- **Pack Size:** Varies by selection
