## PRODUCT DESCRIPTION

### Purpose & Benefits

The **ResMed AirFit N30 Cushion** is designed for use with N30 nasal CPAP and BiPAP masks, sitting comfortably under the nose for an unobtrusive fit that supports side or stomach sleeping. Its frosted silicone surface feels natural against the skin while maintaining a secure seal even at higher pressure levels.

### Features

- Compatible with all ResMed AirFit N30 nasal masks
- Soft frosted cushion surface designed for comfort and skin friendliness
- Maintains a reliable seal even at high positive airway pressures

### Specifications

- **Available Sizes:** Medium, Small-Wide
- **Size Identification:** Blue (Medium), Purple (Small-Wide)
