PRODUCT DESCRIPTION

Purpose & Benefits

The **ResMed AirTouch N20 Starter Kit** combines comfort and convenience with a memory foam cushion that minimises skin irritation and requires simple, low-touch maintenance.

Features

- UltraSoft™ memory foam cushion designed to be light, breathable, and gentle on the skin
- Low-touch maintenance — simply wipe down after use and replace monthly
- Modular frame allows swapping between memory foam and InfinitySeal™ silicone cushions
- Open-edge headgear for added softness and comfort
