## PRODUCT DESCRIPTION

### Purpose & Benefits

The **ResMed SlimLine Tubing Wrap** is designed to insulate SlimLine CPAP tubing, reducing condensation and helping maintain consistent air temperature during therapy. It enhances comfort and minimises disruptions from moisture buildup in the hose.

### Features

- Specifically made for ResMed SlimLine tubing
- Reduces condensation to prevent water buildup in the tube
- Insulated design helps maintain consistent air temperature

### Specifications

- **Compatibility:** ResMed SlimLine tubing
- **Colour:** Grey
