

ROHO ENHANCER CUSHION

\$1,080.00 - \$1,170.00 Price range: \$1,080.00 through \$1,170.00

SKU: ENH-H

PRODUCT DESCRIPTION

PURPOSE & BENEFITS

The Roho Enhancer Cushion is a revolutionary product that combines advanced positioning technology with a uniquely designed two-manifold system. This innovative cushion is specifically engineered to provide exceptional comfort and support, making it an ideal choice for individuals seeking enhanced midline channelling of the femurs, superior lateral stability, and optimal skin and soft tissue protection.

FEATURES

- **Advanced Air Cell Design:** The Roho Enhancer Cushion features interconnected air cells that adjust to your movements, providing constant and personalized pressure relief and stability.
- **Enhanced Tissue Protection:** This cushion is a game-changer for users with sensitive skin or at risk of pressure injuries, as it significantly reduces the risk of skin breakdown and promotes optimal tissue integrity.
- **Adjustable Firmness:** Tailor the cushion's firmness to your preference with the easy-to-use inflation pump, ensuring a custom fit and enhanced comfort.
- **Lightweight and Portable:** The Roho Enhancer Cushion is designed for on-the-go lifestyles, ensuring easy transportation and compatibility with a wide range of seating surfaces.
- **Durable and Easy to Clean:** Crafted with high-quality materials, this cushion is built to last and is easy to clean, ensuring hygiene and longevity.
- **Breathable Cover:** The included breathable cover promotes air circulation, reducing the risk of moisture build-up and enhancing user comfort.

SPECIFICATIONS
