PRODUCT DESCRIPTION

PURPOSE & BENEFITS

Introducing the ROHO Hybrid Elite 2R Cushion - a revolutionary seating solution that combines the exceptional properties of ROHO air cells with the supportive features of foam. Designed with two independent and adjustable air compartments specifically targeting the pelvic area, this cushion allows you to customise the inflation levels to achieve the perfect shape and ideal position for maximum comfort.

The Hybrid Elite 2R Cushion goes beyond traditional designs by incorporating contoured foam channels that provide enhanced positioning and stability. These channels work in conjunction with the air compartments to deliver optimal support and alignment, promoting proper posture and reducing the risk of pressure points.
