PRODUCT DESCRIPTION

PURPOSE & BENEFITS

The MOSAIC cushion provides the benefits of interconnected large air cells that allow you to sink comfortably into the cushion. It is an easy to inflate, lightweight cushion that protects your skin and soft tissues.

FEATURES

- The innovative design of the MOSAIC cushion allows you to sink comfortably into it, shaping to the unique contours of your body.
- MOSAIC provides basic preventative skin and soft tissue protection at an affordable price.
- Designed to provide a comfortable, functional and stable sitting environment for patients who are at risk of skin breakdown.
