

## ROHO QUADTRO SELECT CUSHION

SKU: QS-H

## PRODUCT DESCRIPTION

### PURPOSE & BENEFITS

Quadro Select is the most clinically advanced cushion in the ROHO product family, constantly adapting to your needs or activities. With the exclusive ISOFLO Memory Control and independent four-compartment design, you have the ultimate control over the inflation levels across your cushion, making it easy to ensure you are positioned properly. The interconnected air cells envelop your body, delivering maximum immersion and positioning, while protecting you from skin and soft tissue breakdown.

### FEATURES

- **Adjustability:** ROHO DRY FLOATATION cushions, unlike foam products, provide the ability to constantly adjust and conform with an individual's body, now, and as he or she changes throughout the months and years.
- **Adaptability:** ROHO DRY FLOATATION cushions support the shifts and movements that individuals make throughout each day.
- **Protection:** ROHO is the worldwide leader of seating solutions to prevent and treat pressure injuries including deep tissue injury while providing skin and soft tissue protection.
- **Clinical Evidence:** ROHO has been in over 90 scientific and clinical studies to reinforce and verify that a ROHO DRY FLOATATION® cushion heals, treats and prevents pressure injuries including deep tissue injury.
- ROHO Dry Floatation promotes circulation, and pressure relief whilst flexible neoprene cells reduce shear friction.
- Quadro Select cushions employ ISOFLO Memory Control which locks air into compartments to help maintain better postural integrity in addition to pressure reduction.

- Quick-and-easy air component adjustment maximises function and utility.
