PRODUCT DESCRIPTION

Purpose and benefits

The ROHO single compartment cushion is a premium pressure relief solution designed to enhance comfort, skin protection, and posture support for wheelchair users. Its air-filled, interconnected cell system automatically adapts to the user's body contours, distributing pressure evenly and promoting healthy blood circulation.

Ideal for individuals at risk of pressure injuries or those seated for extended periods, this cushion offers both therapeutic and preventative care. It helps reduce shear and friction, supports stability, and provides the flexibility needed for daily use in various settings.

Features

- Adjustable air-filled cells provide personalised pressure redistribution
- Made from flame-retardant neoprene rubber for durability and hygiene
- Lightweight and portable, ideal for active wheelchair users
- Reduces risk of pressure sores by promoting airflow and reducing heat build-up
- Easy to inflate, adjust, and maintain with included hand pump

- Compatible with a wide variety of wheelchair models
- Supplied with repair kit and instruction manual
