\$191.00

SKU: S190

PRODUCT DESCRIPTION

Purpose & Benefits of the Rotary Aquatic Swivel Disc for Bella Vita Bath Lifter

The **Rotary Aquatic Swivel Disc** is an essential accessory designed to enhance the functionality and ease of use of the Bella Vita Bath Lifter. Specifically engineered to facilitate smoother and safer transfers, the swivel disc allows users to easily rotate their position while seated, making it ideal for individuals with limited mobility or those who require additional assistance in the bath.

Key Features

- **360-Degree Rotation:** The swivel disc enables effortless 360-degree movement, allowing users to easily adjust their position in the bath without strain, enhancing comfort and independence.
- **Safe and Secure Design:** The disc's non-slip surface ensures a safe and stable seating experience, reducing the risk of slipping during transfers or while adjusting positions in the bath.
- **Compatible with Bella Vita Bath Lifter:** Designed specifically for use with the Bella Vita Bath Lifter, the swivel disc integrates seamlessly, providing enhanced functionality without compromising the lifter's performance.
- **Durable and Water-Resistant:** Made from high-quality, water-resistant materials, the swivel disc is built to withstand regular use in a wet environment, ensuring long-lasting durability and safety.
- **Easy to Install:** The Rotary Aquatic Swivel Disc is simple to attach and detach, making it convenient for caregivers and users to set up or remove as needed.

Specifications

- **Safe Working Load:** 130 kg
- **Compatibility:** [Bellavita Bath Lift](#)

The **Rotary Aquatic Swivel Disc for Bella Vita Bath Lifter** is the perfect addition for users seeking added flexibility and ease of movement during bathing. Its simple yet effective design enhances the overall user experience, making bathing safer and more comfortable for individuals with limited mobility.
