

ROTHCARE LITE RYDER CARBON FIBRE FOLDING POWERCHAIR

SKU: RC-INNU-N5909

PRODUCT DESCRIPTION

PURPOSE & BENEFITS

Introducing the Rothcare Lite Rider Carbon Fibre Folding Power Chair, a remarkably lightweight mobility solution that weighs a mere 13kg, inclusive of the battery. This cutting-edge power wheelchair is designed to offer convenience and accessibility to individuals who may typically struggle with lifting heavier mobility devices into their car boot. In fact, it is even lighter than many non-motorised manual wheelchairs available in the market.

Crafted with a frame constructed from ultra-lightweight carbon fibre, this power wheelchair harnesses the renowned properties of this material, known for its exceptional lightness. The result is a power chair that opens up a world of possibilities, particularly in flat terrains such as shopping centres, hotels, airports, and galleries. However, it is important to note that this chair is not intended for navigating steep gradients or rough terrain.

Experience the freedom and ease of the Rothcare Lightweight Folding Power Wheelchair—a reliable and lightweight choice for effortless mobility in urban environments.

FEATURES

- Features a super lightweight carbon fibre frame for enhanced portability.
- Folds effortlessly in a single step, making it convenient for transportation.
- Equipped with a comfortable padded seat and backrest for added comfort during use.
- Offers a folding backrest for easy storage and compactness.
- Includes a lightweight removable Lithium battery for a convenient power supply.
- Features a compact and user-friendly joystick for easy maneuverability.
- The entire chair, including the battery, weighs less than 13kg, ensuring lightweight mobility.

- Comes with a USB fitting in the joystick and a removable battery pack for added convenience.
- The battery pack is fitted with a charging port, allowing for off-board charging.
- Provides an extra mounting point for an optional additional battery pack, offering extended usage time.
