

ROTHCARE WALKER WHEELS

\$25.00

SKU: RO501PU EACH

PRODUCT DESCRIPTION

Purpose & Benefits of Rothcare Walker Wheels

These walker wheels are designed to offer smoother mobility and increased ease of use for individuals using walker frames. They allow for greater manoeuvrability and can help reduce the effort required to move the walker over various surfaces.

Features:

- **Material:** Typically made from durable materials capable of withstanding regular use.
- **Installation:** Designed for easy attachment to walker frames, enhancing the walker's functionality without the need for tools.

Usage: These wheels are intended for installation on the Rothcare Folding Walker Frame, which can be viewed here: [Folding Walker Frame with Wheels](#). They make the walker frame more versatile, allowing it to be used more effectively indoors and on smoother outdoor surfaces.
