

RUBBER THRESHOLD RAMPS

SKU: rubramp900

PRODUCT DESCRIPTION

PURPOSE AND BENEFITS

Greater Access – enables access for wheelchairs and walking frames to all kinds of elevated or sunken doorways and entrances.

Reduced Risk of Trips and Falls – lets you enter doorways with ease and comfort, without having to navigate any giant steps. This makes them a great solution to Occupational Health and Safety (OH&S) risks in the workplace.

Long Lasting – we recycle rubber tyres to make our products, using a material that lasts for decades and won't breakdown due to heavy use.

Weather Resistant – can be used in wet or dry, hot and cold conditions. They don't erode in the face of adverse weather.

Easily Installed – can be installed permanently or as temporary fixtures. They're easily moved and can be put into storage.
